

Consulting

In order to ensure adequate yearly progress, educational organizations must have a systematic approach to determining the root cause of problems, using data, and apply sound transformations in rapid order. The Education Transformation Group, LLC., led by our Principals, have developed a portfolio of capabilities that are aimed at helping schools and school systems identify their strengths and build on them to conquer areas of deficiency. The following is a list of some our capabilities:

- Implementing Gender-based Differentiated education at the school level
- Implementing mentoring and e-mentoring support
- Customer Relationship Management (CRM) in the educational enterprise
- Leveraging practical information and communication technology (ICT) to improve learning , parental involvement and family support
- School & school system improvement
- Strategic Planning
- Leadership Development
- Adopting the tools of quality management to the education enterprise
- Community and public relations
- Rapid performance improvement
